Re: Too Marker's U.S. Trademark Registration No. 3,629,617  
Shin Han TOUCH markers  
Our Docket No. 9039-0008

Dear Mr. Cieslinski:

We represent Too Marker Products, Inc. in connection with its trademark matters.

Enclosed is a copy of Too Marker's U.S. Trademark Registration No. 3,629,617, which covers the product configuration trademark of Too Marker's markers as shown and described in the registration, and embodied in Too Marker's COPIC markers which your company has been distributing for several years and which are shown on your Website at <http://www.c2f.com/html/category.asp?CategoryID=50>.

Shin Han's TOUCH markers are now listed for sale on your Website at <http://www.c2f.com/html/categoryproduct.asp?CategoryID=50010>. Also enclosed are photographs of TOUCH markers compared to COPIC markers. The TOUCH markers use a product configuration that is substantially similar to that of Too Marker's registration and markers and therefore creates a likelihood of confusion.

Accordingly, we request that you cease importing, distributing, advertising and selling the TOUCH markers as shown in the accompanying photographs, and any confusingly similar markers.

Please notify us promptly that you have ceased as requested, and the steps taken to remove infringing markers from the market.

If you have any questions, please have your attorney call me.

Very truly yours,  
MARGER JOHNSON & MCCOLLOM, P.C.
